# MESSAGE FROM PRINCIPAL

Aristotle said - "The purpose of education is to ensure the flourishing of human being consisting of the goodness of "character" and goodness of "intellect".  
In this modern era unfortunately the character building has taken a back seat. The entire focus seems to be on maximizing the academic performance. Schools are the cradle where character and personalities shape. We at DAV Police Public School, Hisar believe in building a strong character of the children given to us by the parents. We feel that the students having strong moral character will easily learn the life skills, critical thinking, the ability to take risk and to work in a multicultural environment. The seven pillars on which the schools foundation is built gives them ample opportunities to develop holistically.

**DR. INDU SHARMA**
